

BioFRESH[®] Soluble +

With
Calcium
and
Niacin

GIVE FRESH COWS A FRESH START

BioFresh[®] Plus Soluble is ideal for use in fresh cow drenching protocols or anytime a farm is experiencing metabolic disorders. A water dispersible powder that uses the same base ingredients as BioFresh[®] Bolus (proven effective to reduce LSCC*), BioFresh Plus Soluble is also fortified with 54 grams of calcium propionate and 12 grams of niacin. University research shows a decrease in hypocalcemia (milk fever) when cows are dosed with calcium propionate at freshening and again 12 hours later. University research also shows a decrease in ketosis when cows are fed 12 grams of niacin during the 21-day pre-fresh period.

*In a study conducted by Dr. K.W. Griswold, Southern Illinois University, it was proven that administering BioFresh Bolus for three consecutive days to cows with an initial LSCC > 5 caused LSCC to decrease one LSCC unit (200,000 somatic cells).

RESEARCH:

USE DIRECTIONS:

Mix three ounces of BioFresh Plus Soluble with a minimum of 10 ounces of water, per head being drenched. Continue this treatment for up to three consecutive days.

ECONOMICAL:

More economical than calcium gels.

PACKAGING:

100-dose pail (#11025), 50-dose foil packet (#11026), 3-ounce packets – 15 per box (#11027)

STABILITY:

Stable for two years. Store in a cool, dry place.

INGREDIENTS:

Calcium propionate, Niacinamide, *Saccharomyces cerevisiae* (active dry yeast), Potassium iodide, Dried *Aspergillus oryzae* fermentation extract, Dried *Aspergillus niger* fermentation extract, Dried *Lactobacillus acidophilus* fermentation product, Dried *Bifidobacterium thermophilum* fermentation product, Dried egg yolk solids, Lactic acid, Calcium lactate, Malic acid, Acetic acid, Tartic acid, Fumaric acid, Dicalcium phosphate, Ferrous sulfate, Magnesium sulfate, Zinc proteinate, Copper proteinate, Manganese proteinate, Cobalt glucoheptonate, Cholinechloride, Sodium selenite, Silicon dioxide, Vitamin A acetate, D-Activated animal sterol (Source of Vitamin D3), Ascorbic acid, Calcium iodate, Biotin, Calcium pantothenate, Menadione sodium bisulphite complex (Source of Vitamin K), Vitamin B12 supplement, Riboflavin, Thiamine mononitrate, Folic acid, Cobalt sulfate, Pyridoxine, Mineral oil, Potassium citrate, Vanilla and Milk flavor, Artificial sweetener.

GUARANTEED ANALYSIS: (per 3 ounce dose)

| | |
|--|--|
| Amylase (<i>Aspergillus oryzae</i>)..... | 30,000 ug of starch hydrolyzed/minute/gm |
| Protease (<i>Aspergillus oryzae</i>) | 4,000 ug of protein hydrolyzed/minute/gm |
| Cellulase (<i>Aspergillus niger</i>)..... | 1,600 ug of cellulose broken-down /minute/ gm |
| Lipase (<i>Aspergillus oryzae</i>) | 1,200 ug of triglycerides hydrolyzed/minute/gm |
| Pectinase (<i>Aspergillus niger</i>) | 800 ug of pectin hydrolyzed/minute/gm |
| Calcium propionate..... | 54 gm |
| Niacin..... | 12,000 mg |
