

Select BioCycle® Showcase Formula

Select BioCycle™ Showcase Formula is a trademark of Select Sires Inc. Product listed is manufactured by Agrarian Marketing Corporation® a registered trademark of Agrarian Marketing Corporation, Nappanee, IN. Product listed is merely distributed by Select Sires Inc. and manufactured or processed by the company indicated. All claims, representations, and warranties, expressed or implied, are made only by the manufacturer and not by Select Sires Inc.
Updated: June 2022

A key factor making BioCycle® Showcase Formula most effective is the presence of L-form bacteria. The L-form bacteria found in BioCycle products are unequaled among DFM products. The L-form offers an excellent shelf life and survive when mixed with high mineral feed ingredients allowing them to reach the lower digestive system unharmed.

BioCycle contains two separate L-form bacteria that enhance the function and population of the microflora in the lower gut. BioCycle Showcase Formula also contains both yeast culture and live cell yeast that produce a range of metabolites including B-vitamins, a broad based enzyme package to enhance nutrient digestion, specialized proteins for the unexpected environmental challenges, microbial sugars for nourishment of other gut microbes and potassium iodide to enhance metabolism.

USE DIRECTIONS

Calves at weaning: 1/2 ounce/head/day for 7 days then 1/4 ounce per day thereafter

Breeding age heifers: 1/2 ounce/head/day for 7 days then 1/3 ounce per day thereafter

Show animals (Dairy):	Show animals (Beef):	Pre-Show Regimen:	Show animals (Pork):	Show animals (Goats):
Up to 12 months of age: 1/4 ounce/head/day	Up to 800 lbs: 1/4 ounce/head/day	1 week before, during and after	1.0 lb/ton of feed	Goats, under 100 lb: 1/8 ounce/head/d
12 to 24 months: 1/3 ounce/head/day	Over 800 lbs: 1/2 ounce/head/day	show (all groups): 1/2 ounce/head/day	Pigs, under 100 lb: 1/8 ounce/head/d	Goats, over 100 lb: 1/4 ounce/head/d
Lactating: 1/2 ounce/head/day			Pigs, over 100 lb: 1/4 ounce/head/d	

Non-routine conditions (transportation, vaccination, dehorning, antibiotic therapy, heat stress, etc.):

1/2 ounce/head/day for 7 days then resume feeding at your normal rate

Use enclosed scoop. 1 scoop = 1/2 ounce 2/3 scoop = 1/3 ounce 1/2 scoop = 1/4 ounce

PACKAGING

12.50 pound pail (#9300)

STABILITY

Stable for two years. Store in cool, dry place.

INGREDIENTS

Montmorillonite clay, Calcium carbonate, Yeast culture, Dried *Aspergillus oryzae* fermentation extract, Dried *Aspergillus niger* fermentation extract, Dried *Bacillus subtilis* fermentation product, *Saccharomyces cerevisiae*, Potassium iodide, Silicon dioxide, Dried egg product, Sugars, Lactic acid Citric acid, and Acetic acid.

GUARANTEED ANALYSIS

(per 1/2 ounce dose)

fungal amylase (*A. oryzae*).....7,000 SKB/g
fungal protease (*A. oryzae*).....5,000 HUT/g
lipase (*Candida cylindracea*).....500 FIP/g
cellulase (*T. reesei*).....5,000 CU/g
pectinase (*A. niger*).....100 ENDO-PG/g
Bacillus subtilis (min).....50 x 10⁶ cfu/g
